3.0 Contractor Requirements for Providing Official Travel Services

3.1. Taxes

When reservations are made for official business, the Contractor shall ensure that rate does not include taxes for which diplomatic personnel are exempt.

3.2 Transportation

3.2.1 The Contractor shall comply with mandatory Government programs for air travel. Except for the constraints of the "City Pairs" contract program noted below, and the Fly America Act, the Contractor

shall book the lowest available fare that satisfies the agency's mission requirements. If reservations made by the Contractor are not at the lowest available rate allowed by policy, the Contractor shall refund the agency the difference.

3.2.2. City Pairs Program

3.2.2.1. GSA has awarded contracts to certain airlines for reduced air fares between numerous city/airport pairs. The contract air service (e.g., 'YCA', '_CA') is mandatory for official Government travel (which includes all travel funded by the Government), unless the Government approves the use of non-contract fares under the exceptions specified in the FTR. In cases of separate contract awards between specific airports in cities, the traveler may use the airport that best meets their needs without further justification. These contract fares may be obtained only with a GTR, a Government Travel Charge Card or a CBA.

3.2.2.2 Promotional or other types of discount fares can be used on contract city/airport pair routes if they are offered by the contract carrier and are lower in cost than contract fares. Contract fares shall not be used for any personal travel, including those instances where portions of personal travel are substituted for a leg of an officially authorized trip.

3.2.2.3. There are a limited number of non-contract fares (YDG or similar), restricted to official Government travelers, which are obtainable only with a GTR, Government Travel Charge Card, or CBA. Such fares can only be used when contract fares are not available or when offered by the contract carrier in that city/airport pair route at a lower cost than the contract fare.

3.2.2.4. When non-contract carriers offer restricted or unrestricted coach fares to the general public which are lower than the Government contract fares, the Contractor may only use such lower fares on the application of exceptions contained in the current GSA Airline City-Pair Program. GSA contracts annually for air passenger transportation services between designated city/airport pairs. Since the contract is awarded annually the contractor must check the most current contract found on the Internet at <http://www.gsa.gov>, then click on "Travel on Government Business".

3.2.2.5. It should be noted, however, that any restricted fare which provides for a monetary penalty for itinerary changes or

flight cancellations shall not be used without the written consent of the using agency.

3.2.2.6. Full coach fares may be used if no reduced fares are available.

3.2.3 The Fly America Act generally precludes use of non-US flag carriers, except as provided in the FTR and the Foreign Affairs Manual, Volume 6.

3.2.4. The Contractor shall provide the Government with the reservation and ticketing services which industry practice normally accords corporate or private travelers, to include new and improved reservation and ticketing technologies. These shall include a 24-hour, toll-free number available to travelers to perform emergency itinerary changes and emergency services outside regular business hours. The Contractor shall be responsible for ensuring that any subcontractor providing such emergency service complies with all conditions of the contract.

3.2.5. The Contractor may only issue premium class tickets for which the Government will have to pay an additional amount when the accompanying travel orders provide authority for that travel. This does not apply to situations in which frequent flyer benefits will be used to obtain the premium class tickets.

3.2.6. Back-to-back faring, or hidden city ticketing are prohibited under this contract.

3.2.7. The Contractor shall provide the traveler with last seat availability, advance seat assignment, and advance boarding passes on all airlines for which the Contractor can offer these services.

3.2.8. The Contractor shall make adjustments for any change(s) in flight, train, bus or steamship schedules. Tickets and billings shall be modified or reissued to reflect these changes.

3.2.9. The Contractor shall make a timely effort to notify travelers of airport closings, canceled or delayed flights, trains, buses or voyages.

3.3. Lodging

3.3.1. The Contractor shall provide lodging reservation services should the Government so request. These services shall include initiating and confirming reservations and confirming the rate at which the reservation is made.

3.3.2. Where the Government has agreements with hotels/motels for discount Government rates, the Contractor shall endeavor to obtain such rates for Government travelers. (Frequently these rates are capacity-controlled.) If necessary to obtain Government rates, the Contractor shall call such hotels directly, rather than by toll-free numbers. The Contractor shall also make available to the Government any lower-priced, guaranteed corporate or other discount rates it has negotiated at these or other hotels.

3.3.3. Final selection of accommodations rests with the traveler. If reservations made by the Contractor are not made at the lowest available Government rate, the Contractor shall refund the Government the difference. Since final selection of accommodations rests with the traveler, the reservations made by the Contractor shall be made at the lowest available rate that complies with the traveler's request, or the Contractor shall refund the Government the difference. Lodging reservations for Federal Government employees on official business shall comply with the Hotel and Motel Fire Safety Act of 1990 (see Definitions). Selected lodging shall comply with the Hotel and Motel Fire Safety Act of 1990, if available, unless an exception is granted by the COR. **As stated in the definition in paragraph 2.0, the Hotel and Motel Fire Safety Act of 1990 only applies to the United States and its territories.**

3.4. Rental Vehicles

3.4.1 The Contractor shall reserve commercial vehicles for Federal travelers, if requested. The Military Traffic Management Command, Department of Defense, has negotiated Government discount rates on an unlimited mileage, flat daily or weekly basis with major rental automobile companies. Participating locations of these companies have agreed to make these rates available to civilian as well as military employees. These companies and their established discount rates are the first source for Federal travelers, as required by the FTR. Considering daily or extended rates, the Contractor shall reserve vehicles from these sources or, if no vehicles are available at Government rates, from other firms at the lowest total cost available to the traveler, which includes full loss/collision damage waiver (LDW/CDW), to the traveler.

3.4.2. Under the FTR, it is incumbent upon the traveler to be prudent in selecting the method of ground transportation that best meets the traveler's needs. Therefore, since the final selection of car rental companies and car sizes rests with the traveler, the reservations made by the Contractor must be made at the lowest available rate which conforms to the traveler's request, or the Contractor must refund the agency the difference. If

reservations made by the Contractor are not the lowest available Government rate, the Contractor shall refund the agency the difference.

3.5. Related Services

3.5.1. Health Requirements. The Contractor shall provide travelers with advice on necessary health requirements, including types of inoculations and vaccinations whether required or suggested for foreign travel.

3.5.2. Local Conditions. The Contractor shall provide information and advice on conditions at the various foreign destinations, including climatic conditions, type of clothing which are appropriate or essential, national and religious holidays, location of American embassies and consulates, etc.

3.5.3. Foreign Currency Information. The Contractor shall provide technical advice on such matters as foreign currency exchange rate and transactions, securing auto insurance in conjunction with foreign automobile rentals, excess baggage requirements and fees.

3.5.4. Visas. The Contractor shall assist travelers in obtaining visas for foreign travel. The Contractor is required to provide at no cost to the Government, daily visa deliveries/pickups not to exceed five separate delivery/pick-up points per day. This includes pickup and delivery of passports and visas between the Embassy and other foreign embassies or processing points located within the servicing city or area, on a daily or as needed basis.

3.5.5. Seminars and Meetings

The Contractor shall make all arrangements necessary for the presentation of conferences, seminars and meetings for official Government requirements. The Contractor shall not charge the Government a transaction fee or any other fee for this service, as further outlined in paragraph 17.0. Arrangements shall include:

- the reservation of meeting or classroom space;
- audio-visual equipment;
- attendee lodging;
- meals;
- breakout rooms; and

- transportation to seminar meeting site.

The Contractor shall make the reservations requested by the U.S. Government employee for this official function regardless of whether or not travel is involved. The Contractor shall document that such services are competitively obtained from the lowest-cost vendor that complies with requesting agency's quality standards. The agency retains ultimate responsibility for contracting with the facility, auditing final bills, and issuing deposits and/or payment to the facility.

3.5.6. Information Pamphlets

3.5.6.1. The Contractor shall develop, print and deliver to the Government, pamphlets listing procedures for traveler use of the services under this contract. These should be approximately pocket or letter size, about two pages long, and should provide Contractor phone numbers and other relevant information. The Contractor shall prepare as many pamphlets as required by the Government, subject to approval by the COR, who shall review the pamphlet before it is printed and delivered in quantity to the Government. The Contractor shall maintain at its expense a sufficient supply of these pamphlets throughout the duration of the contract and furnish additional quantities after the initial quantity, when requested by the COR.

3.5.6.2. Additionally, the Contractor shall include one pamphlet with each ticket and itinerary package ordered during the first quarter of the contract period (first three months), and the first quarter of any option years extended under the term of any resulting contract(s).

3.5.7. Special Fares/Packages

The Contractor shall advertise special fares/packages and tours in the Embassy weekly newsletter or e-mail to Embassy staff. The Contractor shall make arrangements for this advertisement with the COR.

3.6. Traveler's Itineraries

The Contractor shall provide to each traveler a complete, printed itinerary document including, but not limited to the following:

- carrier(s);
- flight, train, bus and voyage number(s);

- if applicable, annotate that the traveler refused the contract or lowest fare offered;
- departure and arrival time(s) for each segment of the trip;
- name, phone number, location, room rate(s), confirmation number of hotels/motels booked by the contractor at each destination and guaranteed arrival check-in time, cancellation requirements; and where applicable, tax exempt information. If requested by the Government, the Contractor shall include a clear statement regarding compliance with the Hotel and Motel Fire Safety Act of 1990. If requested, the statement shall read as follows: "The lodging selected satisfies (or does not satisfy) the requirements of the Hotel and Motel Fire Safety Act of 1990." The Government would only make this request if travel will be within an area covered by this Act.
- vehicle rental company, to include name and toll free telephone number of supplier, pickup and return dates, location of pickup, confirmed rate and confirmation number and, where applicable, special pickup instructions and hours of operation, notably for off-airport suppliers.
- local and toll-free 800 numbers, (the latter only if available in the country in which these services are provided) for both the servicing office and the after-hours emergency services location. If toll-free 800 numbers are not available, then the collect calls shall be accepted and this notification shall be included on the itinerary.
- a statement and a copy of the passenger receipt coupon of all charges associated with the transportation ticket, including the ticket number, price, fees charged and a description of those fees.
- Indicate type of ticket, electronic or paper.
- if use of a non-contract carrier is authorized, the Contractor shall annotate one or more of the following reasons to show contract city-pair coverage and agency justification for non-use. The Contractor may use alpha or numeric codes for representation;
 - Space or scheduled flights are not available in time to accomplish the purpose of travel, or use of contract service would require the traveler to incur unnecessary overnight lodging costs which would increase the total cost of the trip; or
 - The Contractor's flight schedule is inconsistent with explicit policies of individual Federal departments and agencies, where applicable, to schedule travel during normal working hours; or

- A non-contract carrier offers a lower fare available to the general public, the use of which will result in a lower total trip cost to the Government, to include the combined costs of transportation, lodging, meals, and related expenses. Note: This exception does not apply if the contract carrier(s) offers a comparable fare and has seats available at that fare, or if the lower fare offered by a non-contract carrier is restricted to Government and Military travelers on official business and may only be purchased with a GTR or Government contractor issued general charge card, such as, YDG, MDG, ODG, VDG and similar fares.

3.7. Ticket Delivery

3.7.1. The Contractor shall provide delivery to all local delivery points (up to twice a day) of tickets, itineraries, and boarding passes (if applicable), and other travel documents, as determined necessary by the Embassy. The Contractor shall also provide emergency delivery to those local delivery points or the local airport within two hours notice. Tickets shall routinely be provided no earlier than two days in advance of travel unless the Government requests otherwise. The Contractor shall deliver tickets only to employees designated by the Government. When agreeable to the traveler and Government, the Contractor may generate electronic tickets.

3.9.3.1. The Contractor shall provide automated reconciliation of transportation billings charged through user agencies' CBA accounts. The Contractor shall use an automated accounting system with direct interface among the reservation, ticketing and accounting elements so that all passenger reports and summary data are automatically generated from point-of-sale information.

In providing this service, the Contractor may be required to provide Travel Counselors/Reservationists on weekends, holidays and/or weekdays before or after normal office hours. (b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 500 pula, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--
(1) Any order for a single item in excess of 100,000 pula
(2) Any order for a combination of items in excess of 500,000 pula]; or
(3) A series of orders from the same ordering office within 7 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

52.216-21 REQUIREMENTS (OCT 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders

in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Delivery-Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after [insert date].

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. The Contracting Officer may exercise the option by written notice to the Contractor within the performance period of the contract.

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within the performance period of the contract or within 30 days after funds for the option year become available, whichever is later.

Funds are not presently available for performance under this contract beyond September 30 of the current calendar year. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond September 30 of the current calendar year, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the contracting officer's approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.

(C) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on site interviews with these employees. If selected employees are agreeable to the change, the contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

(D) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.

injury, and liability, however caused, resulting from or arising out of the Contractor's fault or negligence in connection with the performance of work under this contract. Further, any negligence or alleged negligence of the Government, its officers, agents, servants, or employees, shall not bar a claim for indemnification unless the act or omission of the Government, its officers, agents, servants, or employees is the sole competent, and producing cause of such claim, loss, damages, injury, or liability.

If such a solicitation is considered competitively restrictive or does not appear properly conducive to competition and commercial practices, potential offerors are encouraged to first contact the contracting officer for the respective solicitation. If concerns remain unresolved, contact the Department of State Competition Advocate on (703) 516-1680, by fax at (703) 875-6155, or write to: Department of State, Competition Advocate, Office of the Procurement Executive (A/OPE), Suite 603, SA-6, Washington, DC 20522-0602.

The role of the ombudsman is not to diminish the authority of the contracting officer, the Technical Evaluation Panel or Source Evaluation Board, or the selection official. The purpose of the ombudsman is to facilitate the communication of concerns, issues, disagreements, and recommendations of interested parties to the appropriate Government personnel, and work to resolve them. When requested and appropriate, the ombudsman will maintain strict confidentiality as to the source of the concern. The ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of formal contract disputes. Interested parties are invited to contact the contracting activity ombudsman, Department of State Acquisition Ombudsman at (703) 516-1680, by fax at (703) 875-6155. Acquisition Method: The Government is conducting this acquisition using the simplified acquisition procedures in Part 13 of the Federal Acquisition Regulation (FAR). If the dollar amount exceeds the simplified acquisition threshold, then the Government will be using the test program for commercial items authorized by Subpart 13.5 of the FAR.

SECTION 4 - EVALUATION FACTORS

1.0 Award will be made to the quoter which quotes the lowest transaction fees, as determined by following the procedures outlined in paragraph 3.0 below. The quoter shall submit a completed solicitation, including Sections 1 and 5.

2.0 The Government reserves the right to reject proposals that are unreasonably low or high in price.

3.0 The lowest price will be determined by multiplying the offered transaction fee for each contract line item in Section 1 for each period of performance by its respective estimated requirements set forth below. These requirements represent the estimates for each period of performance rather than the entire contract period, so the transaction fee for each period of performance will be multiplied by the same estimated requirements. The subtotals for the base and all optional periods of performance will be totaled to arrive at the total transaction fees to be charged to the Government. The estimates set forth below are based on official travel only, not personal travel. These estimates are provided only for purposes of computing the estimated concession fee payment and are not guaranteed. Estimated usage in Pula, based upon the past 12 months is:

US EMBASSY/USAID/CDC/PEACE Corp.

DOMESTIC	TOTAL NUMBER OF TICKETS	FARE VALUE
	405	412,399
TAXES		102,484

TOTALS	1414	6,372,002
TOTALA TAXES		519,310
GRAND TOTAL		6,891,312

4.0 The Government will determine quoter acceptability by assessing the quoter's compliance with the terms of the RFQ.

5.0 The Government will determine quoter responsibility by analyzing whether the apparent successful quoter complies with the requirements of FAR 9.1, including:

5.1. adequate financial resources or the ability to obtain them;
